

Please be advised that Norfolk Southern railroad will be in Butts County, GA in the next week to two weeks then proceed to Henry County. There are 24 roads on their schedule that will be closed while the work is going on. The roads are listed below and included are the mileposts to easily see proximity of the locations to each other. Please note that the roads will be closed at the crossing only, signage and detours will be posted by technicians as the traffic control contractor for NSRR. Keep in mind that the schedule can change due to weather, equipment issues and being granted track time.
