#### City of McDonough Ordinance 13.04.300 – Meter Checking Fee

A customer, suspecting a leak or a meter misread, is allowed one (1) meter re-check per year and may request a meter check or test to confirm proper working order. A Meter Recheck Fee of twenty-five dollars (\$25.00) must be paid prior to the rechecking the meter and this fee shall be forfeited if the meter is to be working properly. If the meter is found to be faulty, a new meter shall be installed at no charge and the Meter Recheck Fee will be credited to the account.
